Ideas for hosting impactful events in support of Bethesda Hospitals

BETHESDA FOUNDATION OVERVIEW

The Bethesda Foundation connects people with their desire to improve the quality of life for patients and families by giving our caregivers the resources they need to provide best in class care.

The Foundation also disburses more than \$1 million in grant funds annually in support of medical education and research, clinical improvement, patient services, facilities, and community outreach programs provided by Bethesda Hospital and its related entities.

Generous gifts to support Bethesda Hospitals provide patients and families with the most advanced technology and helps our caregivers deliver exceptional care. Some examples of transformational projects made possible through philanthropic efforts include:

- Comprehensive Cancer Care
- Robotics Center of Excellence
- Center for Simulation & Education

The Bethesda Foundation is a self-funded organization which means 100% of your gift supports the program or service that you designate.
