RE: **Project Funding Requests**

PLEASE READ THIS CAREFULLY!!

The Bethesda Auxiliary and Good Samaritan Hospital Guild are accepting proposals for project funding. Our charters require the Auxiliary only consider requests for funding of Bethesda projects and the Guild only consider requests for funding of Good Samaritan projects. However, TriHealth projects should be submitted for consideration to both organizations. Proposals will only be accepted once each year.

Included is the Project Funding Request Cover Sheet and instructions for questions that must be answered. The same document can be used for both Auxiliary and Guild proposals. Be sure to indicate whether you are requesting funds for a Bethesda or a Good Samaritan project. The Auxiliary and Guild have agreed to both universal criteria for requests and common priorities for funding.

The deadline for submitting a proposal is FRIDAY, JULY 5, 2019. Proposals must have the appropriate Director's signature. The Auxiliary and Guild will accept the proposals and forward them to the appropriate administrative representative for final signature.

When the administrative representative signs the form, the proposal will be forwarded to the Administrative Review Committee. This Committee will determine which proposals the Bethesda Auxiliary and Good Samaritan Hospital Guild will be considered for verbal presentations. The contact person for the proposal will be notified of time and location of the verbal presentation.

Should the appropriate administrative representative elect not to sign the proposal or if the Administrative Review Committee does not forward the proposal to the Auxiliary or Guild, you will be notified as decisions occur.

No proposals will be accepted after the deadline, no exceptions.
